promoting music for life

Welcome to the Sing Thing!

We hope you've had a fantastic time today and that you decide to join the project!

We have an excellent programme planned and you will be working with some of the best tutors around. The training will cover vocal development, song writing, performance technique, and will develop singing leaders.

This project is part of the London-wide 'Sing Up Community' which involves several other organisations running singing activities for children and young people across the city. We shall be joining them for a final showcase performance in March 2011 at the O2 arena!

Please see the schedule below for the dates of the sessions until the end of May this year.
